44  
45 **a. Dominique Kirkland**

46 Present without counsel

Deborah Loucks presented the application details. Ms. Kirkland made application for a Supervisor in Clinical Chemistry. In review of the application there was some question about her experience.

**Discussion:** Ms. Van Siclen asked Ms. Kirkland what her job duties are at The University of Miami laboratory. She was a forensic toxicologist for drug and alcohol analysis for blood and urine analysis for DUI and sexual battery cases. Yvette McCarter asked for current duties at Anchor Diagnosis Laboratory. Responsible for training Med Techs on staff on LCMS, maintenance of instruments and validates their methods. This is a new lab and she trains the employees on preparing for the LCMS. She does not report results. There is a letter from Lisa Riddy that shows some confusion about their certification. The lab falls under the umbrella of University of Miami School of Medicine. Ms. Van Siclen did notice that Ms. Kirkland does not hold a Florida license which is required. Ms. Loucks gave the options that the Board has at this time. Review and approve, deny or allow the applicant to withdraw the application. She also gave Ms. Kirkland the details of withdrawing, denying or approving her application. There was also some discussion on the experience she has working in Georgia for Quest Diagnostics. The Forensic Toxicology experience doesn't qualify as clinical experience. Ms. Van Siclen explained that she has 2 years at Quest in Georgia, 4 years at the University of Miami and her experience at Anchor in Florida. Only the Quest experience will count for 2 years which will leave her short 1 year. Board looked at downgrading her application from Supervisor to Technologist. Ms. Loucks suggested that Anchor Diagnosticians become a training facility so she can get her experience.

Ms. Van Siclen asked Ms. Kirkland if she would like to withdraw her Supervisor application.

**Action:** Motion to accept the withdrawal of Ms. Kirkland's Supervisor application was made by Ms. Van Siclen. Seconded by Ms. McCarter
